

FOR IMMEDIATE RELEASE

Friday September 9, 2005

Gotta-Grip® 2005 Support of Colorado Senior Open – The Colorado Open Tournaments concluded 2005 with the return of the Senior Open held at the Green Valley Ranch Golf Club in Denver Colorado.

These tournaments (free to the general public), have become an annual stop for some of the best professional and qualifying amateur golfers from all over the United States. Moreover, several charities such as the Boys and Girls Clubs of Metro Denver benefit from the generous donations made available through this long-standing event.

“We have been delighted to have been a part of these historic tournament events”, said Westy Foss, Gotta-Grip LLLP Partner. “Our Gotta-Grip product has been a welcome and useful gift given to the golfers participating in the Pro-Am events of each of the three 2005 tournaments, and the response has been overwhelmingly positive”, said Foss.

Gotta-Grip LLLP teamed with Lockton Companies of Colorado, a major sponsor of the Colorado Open, to provide over 600 Gotta-Grips for 2005, and have plans on returning next year as well. “Events like this are a great way to showcase our product and help raise money for local charities, which is one of our key business principles”, concluded Foss.

About Gotta-Grip, LLLP

Formed in 2005, Gotta-Grip, LLLP, was established to produce and promote its lead product, Gotta-Grip®. This patented product was created to enhance the user’s grip on golf clubs, tennis racquets, baseball bats, and similar implements, thus improving their results and increasing the enjoyment of the respective sport. Gotta-Grip conforms to the USGA Rules of Golf and also the ITF Rules of Tennis. See their web site www.gotta-grip.com.
